3.	<p>Rink</p> <ul style="list-style-type: none"> Jenny mentioned that she did not get any money for the rink yet. Gary mentioned that the program manager is new and we should receive the money shortly. The VCA discussed the fact that the rink conditions weren't great this year partly due to weather but according to some residents, other rinks in the area (such as Carlsbad Springs) were in good conditions. The VCA was approached by 2 residents that would like to take care of the rink maintenance next year. 	
4.	<p>Bradley Cup</p> <p>For the past 3 years, Navan has hosted a community hockey tournament. The winning team normally donates the amount raised to a cause of their choosing. This year, the 6 teams will have 250\$ to donate and the winning team will get 15% of the amount raised.</p> <p>Jean François Caron has put a team together to represent Vars and will donate his team's share to the VCA. The VCA brainstormed on what the money could be used for:</p> <p>If the team gets 250\$: BBQ and movie at the park during the last week of school.</p> <p>If team wins (15%):</p> <ul style="list-style-type: none"> Sponsor minor sports in Vars (Soccer and 	<p>Genevieve will send the VCA's options to Jean-François.</p>

2.	<p>Financial Report</p> <ul style="list-style-type: none"> - The board looked at the report. - Motion passed to adopt the report. <ul style="list-style-type: none"> • Jenny mentioned that we are yet to receive the money for the key agent as well as the money for the rink. 	<p>Jason, councilor Blais' special assistant, will verify with the City.</p>

<p>3.</p>	<p>Rink</p> <ul style="list-style-type: none"> - Final report sent it. Wayne needs someone to scan the daily logs. - We will take on the responsibility of rink maintenance next year again. - Christian Jeffroy will be responsible for the rink maintenance next year. - Wayne will advise Meryl. 	<p>Wayne will advise Meryl that Christian will be responsible for ice maintenance next year.</p>
<p>4.</p>	<p>Bradley Cup</p> <ul style="list-style-type: none"> - Jean François Caron’s team did not win the tournament but they will donate 250\$ to the VCA. This amount will be used towards a BBQ and movie night at the end of June, to coincide with the end of the school year. - Exact date will be Friday, June 22nd. - We will address this item at the next meeting in May to develop small work plan. 	<p>Gary to add this item on the Agenda for the meeting in May.</p>
<p>5.</p>	<p>Councillor Blais</p> <p>Councillor Blais attended the meeting to brief the VCA on certain projects. Below is a list of the most important points that were discussed:</p> <p>1. Sign at Alcide Trudeau Park</p> <p>Back in the fall of 2017, the VCA asked for a grant and we received 32K from the City. Jean worked with the City to finalize some of the details (e.g. permit, removal of original sign, specs, etc). However, before the holidays, Jean ran into issues with electricity and the project was placed on hold for the winter. Jean met with councilor Blais this week to discuss the future of the project. Councillor Blais mentioned that the sign that we originally proposed will be more expensive than the 32K originally reserved for the project. He is now looking at alternative options.</p> <p>2. Community Centre in Alcide Trudeau Park</p> <p>This project has been Vars’ priority for a few years now. The construction of a new community centre in Alcide Trudeau would be approximately 2M, of which, the city has reserved 1M.</p> <p>All levels of government were approached to come up</p>	<p>Councillor Blais will send alternative options for the sign to the VCA.</p>

	<p>with the remaining 1M without any success.</p> <p>Due to various elections approaching, this project will be placed on hold until 2019 (because of the elections, we are not expecting to receive any funding for a while). Councillor Blais mentioned that as the Recreational Plan is developed for the next few years, Councillor Blais will ensure that the community centre in Alcide Trudeau is added to the list of community centers that will require work.</p> <p>3. Taggart Miller Councillor Blais mentioned that the Taggart Millier facility will give money to surrounding communities, similarly to the Friends of mer bleue (money per ton). The amount is expected to be 6M, which would represent 225,000\$ per year, to be shared between the surrounding communities.</p> <p>4. Other items raised Councillor Blais shared the project list with the VCA. The big project is the overpass at the highway exit for Rockdale. The eastbound exit will have lights.</p> <p>The City will be resurfacing Frank Kenny. This year, the focus will be on the culverts and next year, pavement.</p> <p>Councillor Blais and Jean attended a meeting with the School board re: security issue with the school buses before and after school. The City proposed different options to the school. The school board is currently analyzing the options.</p> <p>Councillor Blais mentioned that there is a community theater group that could be available in our region (e.g. for events). It's called the Vintage Stock Theatre: http://www.vintagestock.on.ca/</p> <p>Coucillor Blais and Jason left the meeting around 9:00.</p>	
6.	<p>Bearbrook renovations</p> <ul style="list-style-type: none"> - Jean mentioned that there might be an opportunity to take over the booking at Bearbrook. - None of the members volunteered to take this on. The members will think of potential residents that 	Gary to add this item on the Agenda for the meeting in May.

	<p>might be interested in this task.</p> <ul style="list-style-type: none"> - We will address this item at the next meeting in May. 	
7.	<p>Tennis court</p> <ul style="list-style-type: none"> - Vars is the only village in their surrounding that does not have a tennis court. - The members discussed what would be needed in order to develop this project: <ul style="list-style-type: none"> o business case o quotes o funding from potential investors/sponsors - We will address this item at the next meeting in May. 	<p>Genevieve will contact the City of Clarence Rockland to obtain the cost of the 2 new tennis courts in Hammond.</p> <p>Gary to add this item on the Agenda for the meeting in May.</p>

Appendix A: President's Comments

Good evening, bonsoir, and welcome to the 2018 VCA's Annual General Meeting.

Firstly, I wish to thank my colleagues, members of the VCA for their committed hard work for our community as well as all residents and supporters who have come forward to give us a hand in ensuring the best interests of our community.

I wish to take a few moments to run down the activities that your association has been involved with over the past year.

We have held monthly meetings, where as a team, we have reviewed issues, projects, concerns and priorities of interest for the village.

Each member has had numerous one-on-one meetings with residents, our elected representatives, potential entrepreneurs and City officials to determine what else can be done to improve our village.

Over the year, we have been involved with:

- The Remembrance Day ceremony
- Cenotaph maintenance
- Rink management
- Canada Day celebrations supporting the Optimist Club
- Alcide Trudeau Park construction proposal which is still being contemplated, pending funding
- Key agent for Alcide Trudeau Park and Bearbrook centre
- Summer youth program which has been postponed again this year due to lack of registrations
- Community garden maintenance which is somewhat being used
- The annual Christmas tree lighting

Obviously, we did not do all of this alone nor did we do just that. While we have many friends throughout the community, our main partners have been Councillor Blais, his staff, especially Jason Coulas, and City officials, the school and most of all, the Optimist Club members.

On the financial side, the VCA is in good financial health. We had decided to split our savings under different categories for better management and planning exercises. The VCA receives very limited funding other than from the City for specific activities like the rink and key agent. Over the years, while we have sponsored community activities and acquired some items for the community, we still manage to have some \$29,000 in the bank.

We are in good business standing with Corporations Canada as well as with Revenue Canada, having filed our corporate tax returns on time.

We are keeping an eye on the proposed development of the Taggart-Miller waste recovery plant as we now have VCA representation on the community steering committee.

The establishment of Amazon in our backyard will certainly be beneficial for our economic growth and market value for our properties.

With the recent weather devastations in our region, the VCA, with the cooperation of the school, parishes, local firefighters and City officials, is launching the process for an emergency preparedness program for our community and will allocate some funds to this initiative, just in case the misfortunes come our way ...!

We have hosted these community BBQs and movie night in the park events to bring the community closer together. This compliments the terrific work already done by the school and the Optimist Club in support of our community social wellbeing.

The VCA has been working with the Carlsbad Springs Community Association in developing a community radio station to serve our community. This would be a perfect communication tool for the village especially during emergencies.

We are still working with city officials to replace our signage information board at the park or fire station for an electronic module, facilitating our messaging to the community.

We have supported the school and city officials in finding a secured access to our school premises for the now 5 school buses that park in front of the school as well as for the drop off of the children by parents.

The VCA had contemplated seeking funding for a tennis court at Casandra Park. However, this would be a "nice to have" as no funding seems available at this time for this project.

The biggest challenge remains finding volunteers. We do notice that not only for the VCA but also the Optimist Club and parish organizations are having more and more trouble finding community members to help out. The solution is not that obvious and we all need urgent help in finding ways to increase community participation, otherwise programs will fall short. A perfect example is the Market Mobile initiative and to some extent the summer youth program.

We are putting a special call out to students who require community work hours to complete their curriculum. We also need community input on what will make our village better, both economically and socially, for the benefit of all, young and old.

While Vars is a so-called bedroom community, it is expanding with many new and young families. We are most fortunate to have the St-Guillaume school at our disposal and the terrific group of committed teachers to help out. Every single one of us makes the community what it is and we only can shape its future through our participation and ideas. This is what the VCA is all about. Merci.
